Dear Ms. Kalavathi,

We would like to thank you and the team from your organisation for the **career counselling** sessions.

The interactive session held on the 5th December was really useful.

The students and parents of Class XI of our school were very satisfied with the assessments and reports. In fact, some of the parents were really surprised at the accuracy of the reports.

The Career choices offered to the students also helped clear any doubts.

We look forward to having more association with you in the future.

Thank you,

Yours sincerely,

Mrs. Vijaya Srinivasan,
Principal.
